

BRIEF NOTE FOR WEBSITE

Mumbai Customs Zone-I carried out a Drug Destruction Exercise at Mumbai Waste Management Ltd., Taloja, Maharashtra. A team of Officials from the Disposal Section of Mumbai Customs destroyed approx 11.28 Kilograms of drugs on 13, November, 2017 in an incinerator plant, including Heroine besides other Psychotropic Substances such as Methamphetamine, Ephedrine, etc. It may be informed here, that incineration of such items which are hazardous to the nature if released otherwise are required to be destroyed in the incinerators fitted with Standardized Pollution Control Devices. The contraband items were brought into the country under various forms of disguise, but were proactively seized or confiscated by the Customs Department. Mumbai Customs remains committed to the United Nation Convention on Narcotic Drugs 1961 to which India is a signatory. The Convention aims also at combating drug trafficking through international co-operation to deter & discourage drug traffickers.
