 EDI SECTION, 4<sup>th</sup> FLOOR, NEW BUILDING  
 NEW CUSTOM HOUSE,  
 BAPU JAMADAR CHOWK,  
 BALLARAD ESTATE,  
 MUMBAI-400001

Date: 16-06-2022

**Public Notice No. 11/22-23**  
**DIN:2022067700000000F015**

**Subject: Changes in System with respect of AD Code Registration in exports**

Attention of all Importers, Exporters, Custom Brokers, Trade and other Stakeholders is invited to the Advisory No. 10/2022 dated 14.06.2022 issued by Directorate General of Systems and Data Management vide which the following changes have been made in the System by the DG Systems, in respect of AD Code registration. The erstwhile process and the changes introduced are as below:

2. **Erstwhile Process** - AD Code with associated bank account registration in System was a onetime process for an IEC for filing of document (i.e. Shipping Bill) at any Customs EDI port. An AD Code was required to be **registered at every port where documents were filed**. There could be **multiple AD codes** associated with an IEC at various ports. The registration request could be made online either through ICEGATE ID or at the Customs House. The same was to be approved by an officer at every individual port, where the IEC sought the registration of the AD code.
3. **New Changes** - AD code with associated bank account will now required to be registered in the System at only one port, and thereafter, the AD code would be available at all Customs locations. For any new AD code registration (or updation) at any port, the same has to be registered through online request at ICEGATE. The option to Add/modify the AD code and account against an IEC has been disabled in ICES under "CLK" role. As in the existing procedure, the request would be approved by the officer under the CLK role at that particular port. **Once an AD**

J40190/2022

code is registered against an IEC at any port, the same can be used for all ports. There is no requirement of separate registration at other ports for filing documents. Further, any change/amendment in the particular AD code account details will have to be done at that port of registration only i.e. the port chosen by the IEC at the time of making application for registration. Further **there can be multiple AD codes and associated accounts registered against an IEC.** No changes have been made in this regard. As explained above, all multiple AD codes will have to be registered in the System at any one of the ports as explained above. Thus for an IEC, there can be different ports of registration for different AD codes.

3.1 Further for existing AD code(s) and associated accounts registered for an IEC, the Customs port, where the last Shipping Bill with a particular AD code was filed, has been taken as the port of registration for that AD code in the System. The details of port of registration for each registered AD code against an IEC would be available on the ICEGATE login ID under Bank Account Management Option. As explained above, any change/amendment in the particular AD code account details will have to be done at that port only.

4. This Public Notice should be considered as Standing Order for the purpose of officers and staff of department.

For any issues, please contact team.ices@icegate.gov.in.
